THE PROPOSED RAILROAD CONVENTION.

The Railroad Convention to be held at Memphis on the 22d of February will be one of the most important events in the history of our city.

The object is to reconcile conflicting interests, and to concentrate the entire energy of the South on one great enterprise.

This was taken by the proposed meeting will decide, as to whether the railroad will be built or not.

The question is whether Northern predominance is to continue or whether the people of the South shall have their majority's share in the immense benefits to come from direct communication with the North.

We are anxious to see that work is being done in Congress to settle this railroad question, and as the North has a majority, we hope

the General Assembly will give it its earnest consideration.

In view of these facts we trust you believe

the proposed meeting at Memphis will be

a success.

We send you, therefore, confidently

upon the promises of the officers of the Georgia, South Carolina, and North Carolina Railroad Companies, as well as the President, Senator, and Representatives of the South, and of the South and West.

The interests of their respective companies imperatively demand their presence on that occasion.

We send you, also, with the hope that

the proposed meeting will be a success.

There is no little anxiety on the part of

the South, and especially on the part of

the South and West, that the proposed

meeting will be a success.

There is considerable uneasiness

as to the result of the meeting.

It is a subject of vital importance to the

people of the South, and one in which

all might take an interest—to have at least

one-half section of land, for every man

and woman who is a member of the

Confederacy.

Other important topics will be introduced,

and it is confidently hoped that there will be a general adoption made by the

State to aid in the final completion of the

work of the present session (Madison).

The resolution is that it is imperative

to embark in the construction of any road

that may be proposed.

The Herald correspondent says that the

House of Representatives will be

presented with a bill to

assist in the construction of a road from

Pittsburgh, Missouri, to a point in

Illinoian.

Also, a bill providing for the payment

of \$10,000 a mile, and a sum not less than

\$100,000 a mile, for the construction of a

road from St. Louis to the Mississippi River.

The resolution is that it is imperative

to have a bill introduced, and it is

confidently hoped that there will be a

general adoption made by the

General Assembly.
